

1981 DATSUN 280ZX

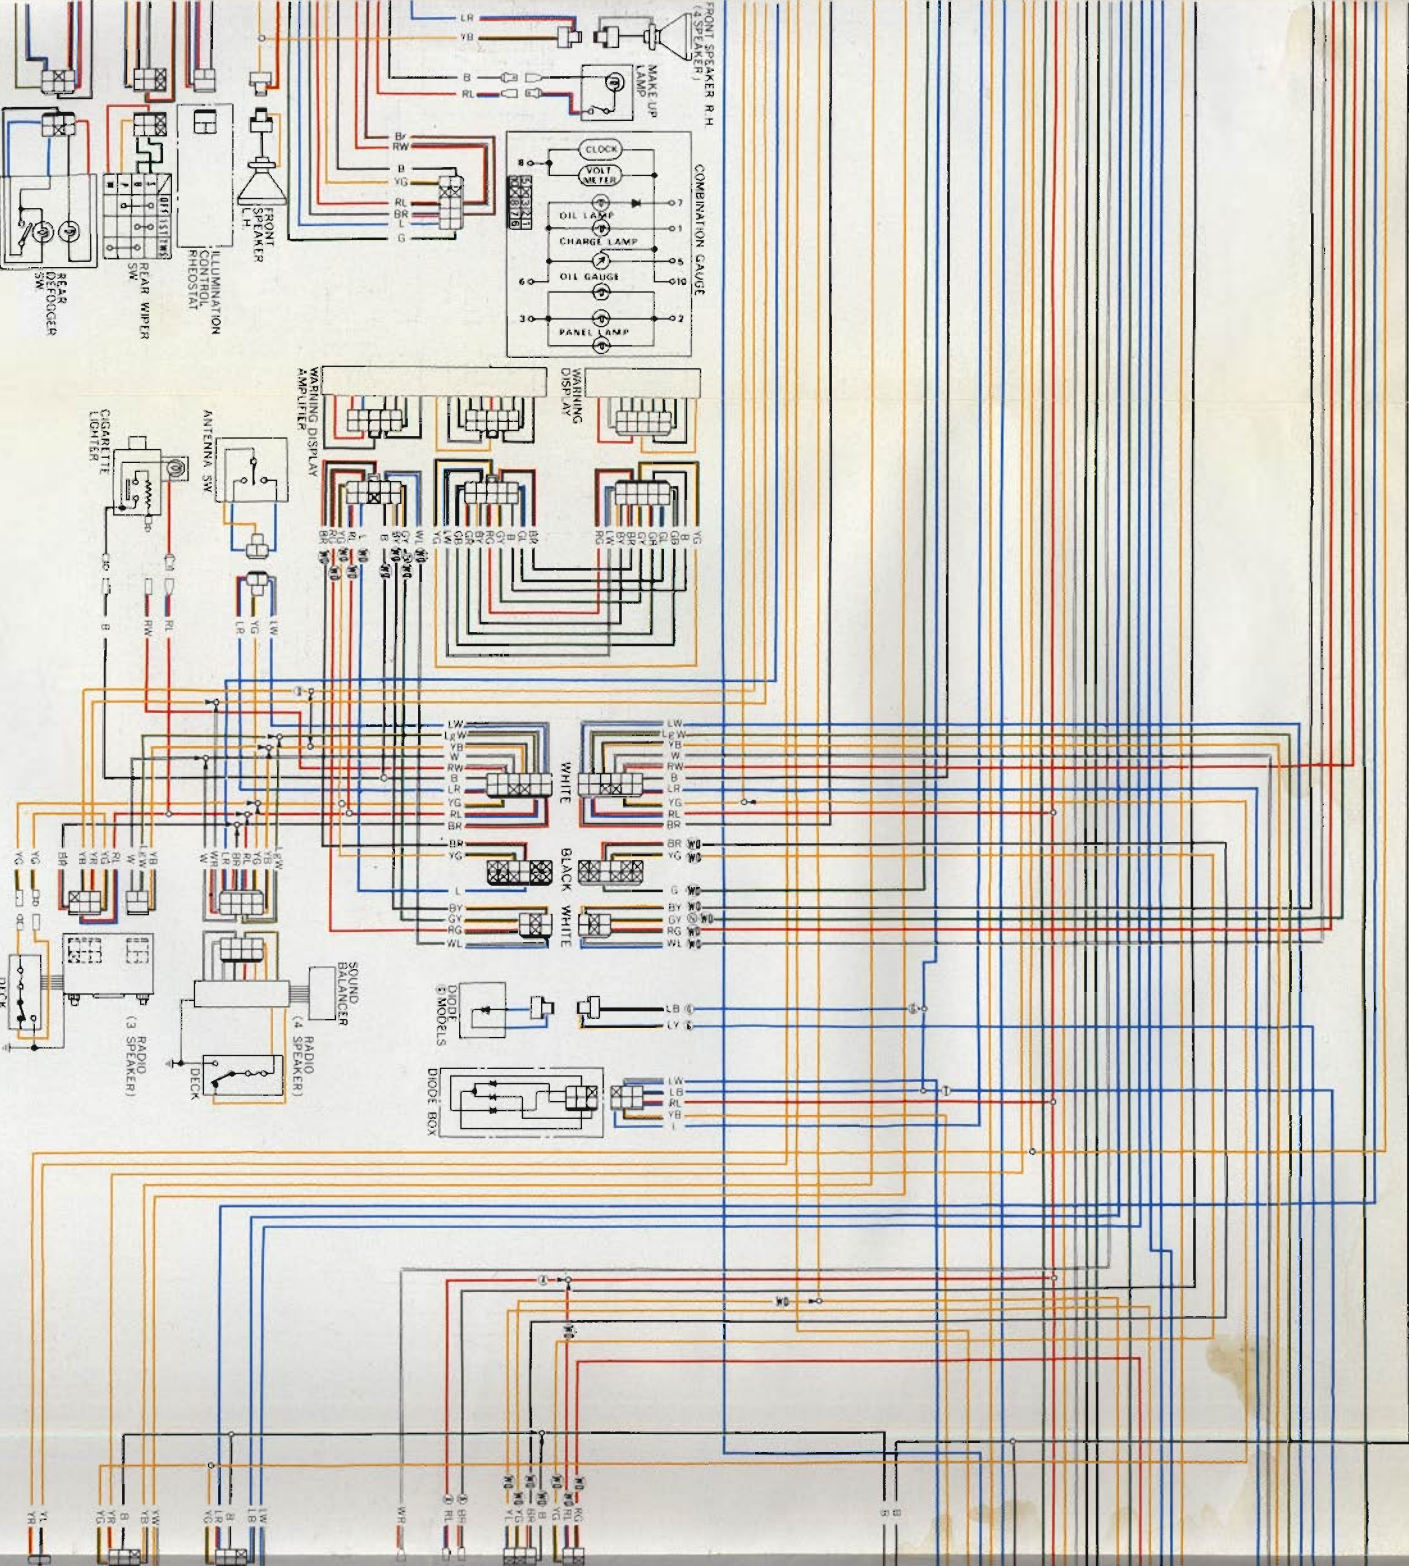

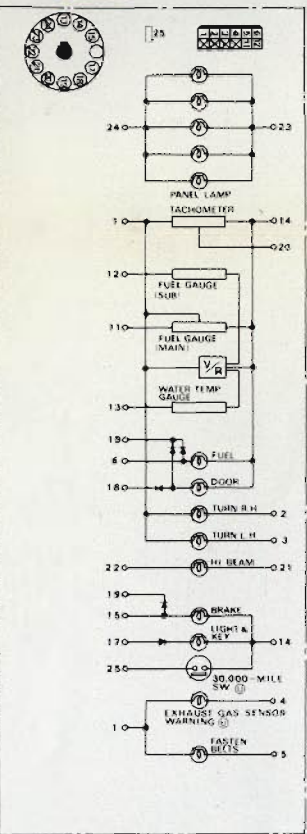

(CONTINUED ON NEXT PAGE)

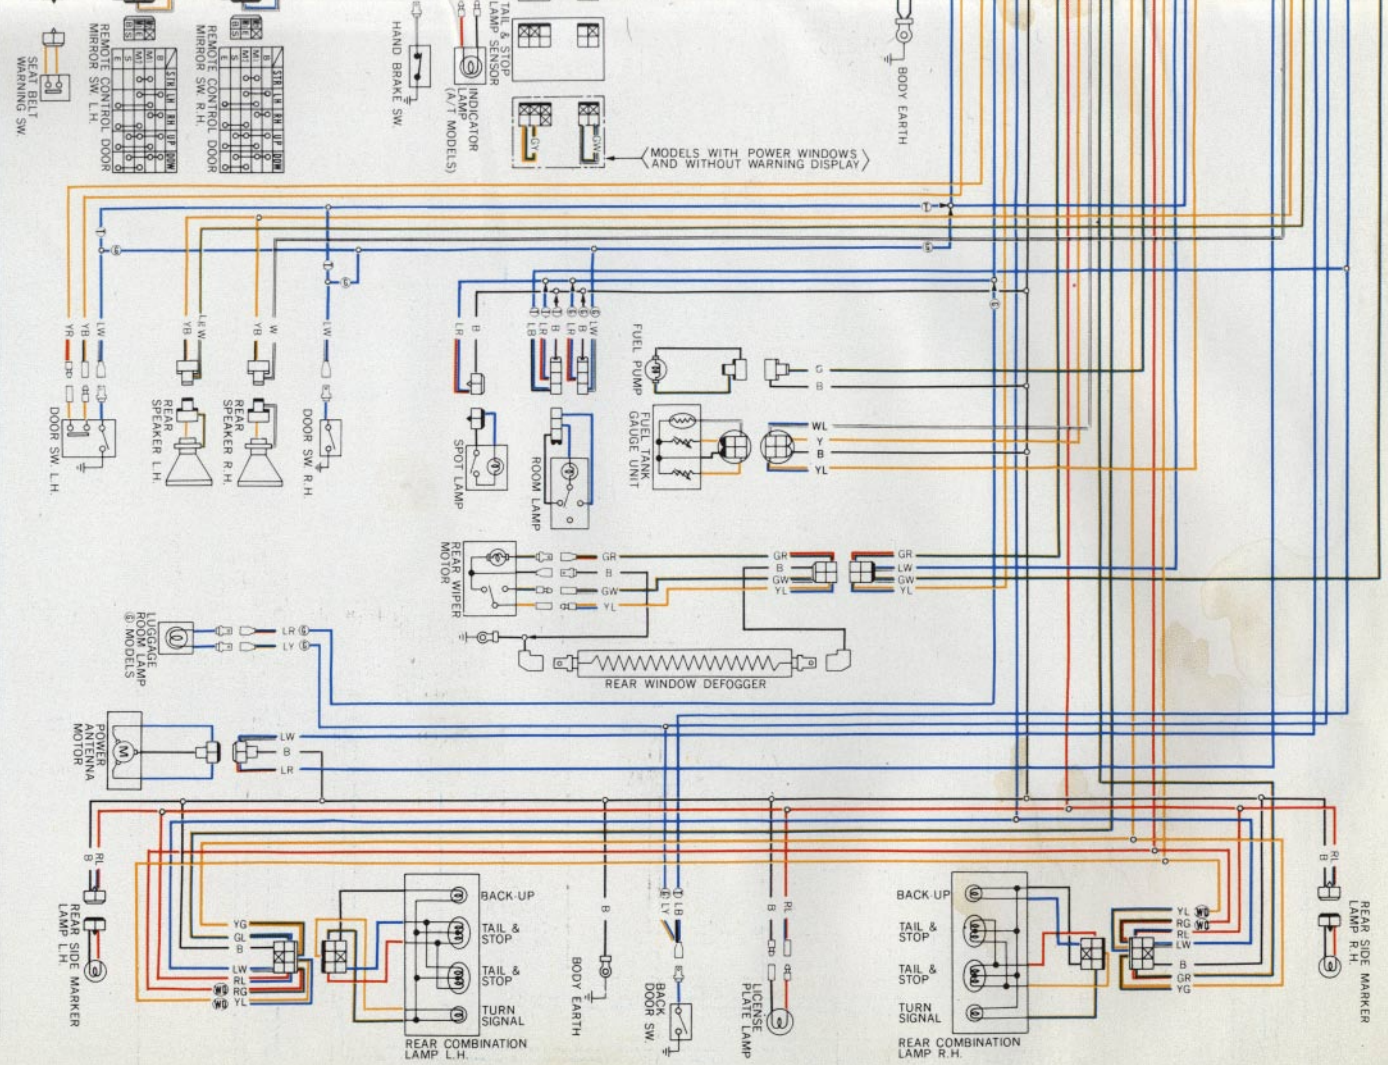

COMBINATION METER

This wiring diagram has been prepared on the basis of the factory equipment. It is fully equipped, (including all factory options). The right is reserved to make changes in the wiring without prior notice.
 Note: Each cable is color-coded based on following two tone colored cables, such as GW and BR partial white stripe and black cable with partial white stripe.

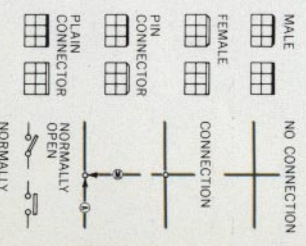

The color of lines near connectors in the wiring diagram as shown below is the same as that of actual lines in the car.

- BLACK
- WHITE
- RED
- GREEN
- BLUE
- YELLOW
- LIGHT GREEN
- BROWN
